

2008

ZENN 2008 FEATURES

ENGINE, DRIVETRAIN AND POWER PLANT	EXTERIOR
Front wheel drive	Rear window wiper
Helical gear transmission for quiet operation	Front windshield wiper
100% electrically driven, 72 VDC (5.69kw)	Central antenna
Electronic drive-by-wire throttle	Colors: Green/Blue/Silver
Advanced Motors & Drives, 3 Phase AC Drives, 3 Phase AC drive motor (Length: 10.5", Diameter: 7.5")	Body Type: 3-door hatchback, fully enclosed
Curtis Motor Controller	Black Roof and body pillars
Transmission 10.3 - 1 Speed reducer with integral differential	Black aluminum alloy Space Frame, ABS body panels, aluminum alloy front-end frame
Speed Control - 300A	Chrome grill insert
Zero Emission vehicle	Headlights
Constant driveshaft with CV joints for smooth energy transfer	Dual exterior mirrors
Electronic charger status indicator	Power sliding panoramic sunroof
Battery state-of-charge indicator	Nine-pin rapid charge inlet
Clock	Protective color-keyed body moldings
Batteries: EV31A-A Discover Battery Pack - 6 x 12V x AGM maintenance free, valve-regulated, sealed lead-acid batteries	Front fog light appliqué
Charging: full charge approximately 8 hours (from "empty"), 80% recharged after 4 hours (standard 110 volt electrical outlet)	Rear fog light
Range : Approximately 30-50 miles	SEATING / APPOINTMENTS
0 - 20 mph in 5.7 seconds	Adjustable bucket seats
0 - 25 mph in 9.2 seconds	Two-tone cloth seats
WARNING INDICATORS	Adjustable headrests
Motor-overheat indicator	3-point driver and passenger seat belts
Parking-brake indicator	STORAGE
Key-left-in-ignition indicator	Integrated locking glove box
Headlight-on indicator	Inside rear trunk pockets
Battery alarm	Storage capacity : approximately 13 cu. ft.
Reverse back-up alarm	STANDARDS / SECURITY
Headlight-on warning buzzer when key left in on position	Meets FMVSS500 standards
WHEELS / TIRES	DIMENSIONS
13" spoke aluminum mag wheels	Length : 120.8 in. / Width : 58.8 in. / Height : 55.9 in.
145/70R13 tires	Track - front and rear: 49.8 in.
BRAKES	CAPACITY
Dual hydraulic system, 4-wheel disc, 6.7 in.	2 persons
Electromagnetic regenerative braking	CURB WEIGHT / GVWR
Braking Distance at 2.0 mph - 19.49 ft	Weight : approximately 1,360 lbs
SUSPENSION / STEERING	GVWR: 1,807 lbs
Front : independent front wheel suspension with two coil	ZMC reserves the right to change specifications, components and suppliers at any time without giving notice.
Rear : trailing arm with two coil spring/shock units	© ZENN Motor Company Limited. All rights reserved.
Rack and pinion steering	<input type="checkbox"/> Option
Turning radius - 13.45ft	
INTERIOR	
Power windows	
Rear window defrost	
Directional Shifter	
JVC KDG230 AM/FM/CD Radio	
Air Conditioning	
Floor Mats	
Remote keyless entry and locks	
Carpeting	
Interior heating and defrost	
12V accessory plug	
Central interior light with auto on/off with door opening	
Sun visors
